## REBATE PROGRAM TERMS AND CONDITIONS

I have read, understand, and agree to the following terms:

- The ET controller will be in place at the address listed above as long as I own said property.
- I understand that a representative from the City of McKinney may contact me to verify the installation of the et controller before my application is accepted and rebate money is issued.
- In accepting this rebate, I acknowledge that the City of McKinney is in no way responsible for the condition of the plumbing on my side of the meter, now or in the future.
- I understand that the City of McKinney does not endorse specific brands, products, dealers and does not guarantee the performance or durability of the items purchased.
- It is my responsibility to ensure that the et controller is properly maintained and functions as it is designed.
- I understand that rebates are only eligible to residential irrigation systems/homes installed/built prior to September 1, 2007.
- I understand I may receive reimbursements not to exceed the amount outlined in the program guidelines. Processing of completed application may take up to 16 weeks. Once processing is complete and the rebate is approved, a credit will appear on your utility bill.
- I certify that the above information on this application is true and correct to the best of my knowledge.

APPLICANT'S SIGNATURE: \_\_\_\_\_ DATE: \_\_\_\_\_

## ET CONTROLLER REBATE PROGRAM GUIDELINES

- Participant must currently own and have a City of McKinney water utility account in good standing for the property where installation of qualifying item is to occur. This program is for residents only. Tenant and commercial requests will not be eligible.
- The program is intended to encourage retrofits. Newly constructed homes/irrigation systems that are required by City ordinance to have an et controller are not eligible for the rebate. For et controllers this will be irrigation systems installed after September 1, 2007.
- Applications must be received within 120 days of purchase of eligible water conserving item. Rebates will be processed in the order they are received. Incomplete applications will not be processed. Funding for each fiscal year will run October 1 through September 30.
- ET controllers sensors must be selected from a City-approved list and installed by a licensed irrigator.
- The City of McKinney does not require an irrigation permit for retrofits of irrigation controllers.
- No participant shall receive more than \$500 in one year from the City of McKinney rebate program for any combination of eligible items.
- Originals of all receipts must be present should an onsite verification occur. If original receipts are not provided or installation of device cannot be verified, the request for rebate will be denied.
- The City of McKinney reserves the right to alter the details of the program at any time.
